Why Sell to S and S

When S and S Property Group works directly with a home seller, what we provide can not only make for a smooth transaction, but it can also add up to thousands of dollars in savings as compared to selling a home through traditional means. There are many creative ways to help you out of any situation. We pride ourselves on our reputation for working one-on-one with each customer to handle each individual situation; and it's our goal to make each client feel like we achieved a WIN-WIN scenario.

Most homeowners have no idea what options are available to them beyond listing a house with a Realtor or trying to sell the house on their own and just hoping for the best. We provide a unique alternative to listing their house on their own or with a Realtor. Your Realtor gets paid a commission for their services which is a percentage of the home's selling price. In most cases, you may also be encouraged to fix up your home and yard to attract more potential buyers – and sometimes it can involve hiring expensive contractors.

Sell Your Home Programs

Cash purchase program: Utilizing cash funding from our nation wide network of investors allows us to circumvent many of the nuances of a traditional real estate closing. We can purchase your home directly from you, and you won't have to pay Realtor commissions. In addition to our funding source, we will be buying the home absolutely AS IS – meaning, we would never ask you to make a single repair on the home. Furthermore, **S and S Property Group** fully understands the importance of timing. You may be in a situation where you need to close quickly or, you may need time to transition your life. Either way, we can facilitate easy closing on your time-line, from as quick as 10 days or less to as long as you need. We are here to work with you

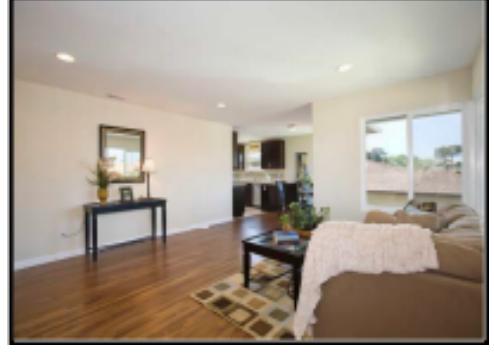

Refer to a local realtor: Our primary focus is in revitalizing neighborhoods. If your home is located in an area where we are not working, or your property does not fit our criteria, we are happy to refer you to a Realtor for your area. We know that not all Realtors are created equal. Therefore, we provide referrals to Realtors that have goals in alignment with our company.

Renovation Projects: Occasionally, we sell houses that have not completed renovation. When selling these properties in need of repair, it's very important for the buyer to have specialized knowledge to identify any possible renovation costs associated with improving the property. When working with our company, you can be rest assured that we're very qualified and experienced in accurately estimating repairs and consulting with buyers on the renovation process.

Short Sale Programs: With today's transitioning real estate market, it can be very difficult for some homeowners to sell their property. You may be over leveraged and tempted to just walk away from the home. However, this is not in your best interest, and there are serious consequences if you let the home go into foreclosure. If you are currently experiencing this scenario, it's important to know that you do have options! We are very successful at negotiating debt with banks, and can oftentimes purchase the property directly from you - thus saving you from a foreclosure.

Property Showcase

Renovation Projects: When working with our company, you can be rest assured that we're very qualified and experienced in fully renovating properties. In order to ensure our success in residential redevelopment, we reached out to learn from the best, developing a close mentoring relationship with the owners of CT Homes, LLC. Since the inception of their company, they have literally remodeled hundreds if not thousands of homes. We were able to learn from their experiences and immediately implement their techniques here in our backyard.

Scope of Work

Detailed, Quality SOW: We have a proven system in place with a pre-determined Scope Of Work containing all the details of the renovations in one spot, making life much easier for our contractors. We select all the materials that will go into our homes, and we clearly lay out everything that we want done by our contractors, so that they can focus on doing the work they do best—contracting. Working within our system will allow you to move from job to job to job, and not have to worry about where your next job is coming from. We always hear from our contractors that one of the best things about working with S and S Property Group is how every component in the Scope of Work is line-itemed, and materials often even have the associated SKU# and where to purchase it included. We know time is money for both of us, so we do the extra work on the front end to make sure our budgets and timeframes are very accurate.

Our Risk

There's no such thing as a perfect house -- every home, even newly constructed ones, will potentially have some issue or another. Our company builds value by rehabilitating properties in need of repairs - whether light cosmetic repairs, or significant repairs.

In many cases, we buy houses that have fire damage, termites, mold, foundation problems, roof problems or need other major repairs. Houses with these conditions scare most buyers, and most real estate agents don't like listing them because they know such houses are hard to sell. We actually enjoy talking to sellers with these types of houses, because we can see the house's potential value after all the repairs are made; and breathe new life back into them by renovating and improving the condition of the house.

Here are just a few risks involved when we purchase properties:

- Previously unknown property conditions, or environmental hazards, such as toxic-mold, or others
- Expensive repair conditions may not have been apparent at, or became worse since the time of purchase
- Costly repairs not previously estimated for could offset the profit margin, such as HVAC, plumbing, foundation, etc.
- Work permit complications, local restrictions, or codes and other legal problems that can arise
- Unexpectedly longer times in holding a property for repair, or marketing time extended, causing profits to be exhausted
- Ever changing market conditions, including lending requirements and availability of applicable mortgages for buyers

WE BUY ANY HOME IN ANY CONDITION!

Inspections on a home are helpful; however, the reality is - we never know what we're getting into until we start the renovation process.

Sometimes what seems like the simplest fix turns into a massive remodel - therefore, resulting in spending thousands of unexpected dollars. This is the risk we take when buying your home AS IS.

We do all the heavy lifting on the back end, so you don't have to.
